Step 1 — Love Tree

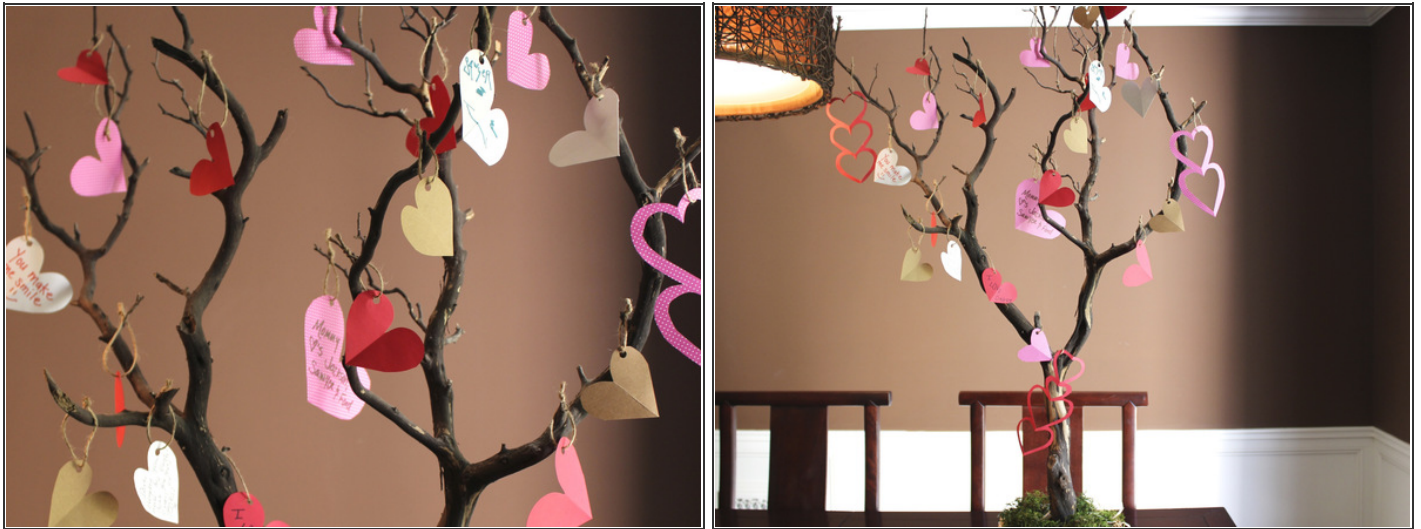

- Create heart ornaments with colored paper and twine. It's simple as cutting hearts, hole punching and tying a twine as a hook.

Step 2

- Have members of your family and friends write sweet notes to each other on the hearts. You can even celebrate the "14 days of Valentine's" by adding one a day.

Step 3

- Hang your heart ornament love notes and you've got a fun DIY love tree for this Valentine's day!
